AYO OGUNDELE SUPPORT FOUNDATION

Newsletter Edition

**MAIDEN
EDITION**

Food Support and Financial Empowerment Program.

Welcome to this maiden edition of our Newsletter. As we continue our mission to provide essential support to the elderly in our communities, we are excited to share updates, stories and ways you can contribute to our cause.

At the AYO OGUNDELE SUPPORT FOUNDATION, we believe that everyone deserves access to food especially our elderly population. Many seniors face challenges such as mobility issues, financial constraints and social isolation. Our goal is to ensure that no elderly individual goes hungry and that they receive the care and support they need.

The AYO OGUNDELE SUPPORT FOUNDATION (AOS FOUNDATION) Food Support and Financial Empowerment Program held at Iloro Ekiti, Ekiti State, Nigeria.

To mark the 65th birthday of the founder of this foundation, the foundation officially launched the AOS FOUNDATION in Lagos State and hosted a Community Outreach program to provide food support and financial assistance to the aged from 70 - 100 years.

This happened on the 1st of June, 2024 in an open field outreach to fight hunger and share love with the aged. The motto of the foundation: Care, Hope and Love was what was on display at the outreach event as over 300 people gathered. Donation of rice for food support was given to two hundred beneficiaries and cash donation given for financial empowerment. Some aged sick received financial assistance for their medical care.

SUPPORT TO PEASANT FARMERS.

In accordance to our mandate to help boost agriculture, we will also focus to empower peasant farmers in our communities. Their hard work and dedication are crucial for sustainable agriculture, and together we can help them thrive. We strive to create an environment where peasant farmers can access the resources, training and market opportunities they need to succeed. By supporting these farmers, we are not only enhancing their livelihoods but also promoting food security and sustainable practices.

"Add here a quote or key phrase from the article to emphasize or focus on important points."

Financial support will be given to a number of peasant farmers to buy needed implements and tools that will enhance their crop production and fertilizer inclusive. The needed support to improve their agricultural practices will be offered in subsequent intervention program. Purchasing seeds, equipment and helping them increase their production capacity.

We look forward to inclusion of persons with disability and establishing a cooperative model that will allow farmers to pull resources, share knowledge and access better pricing for their products.

We are grateful for your anticipated support and look forward to a very productive partnership.

Together let's fight hunger and support the rural dwellers, farmers and the elderly, who have given so much to our community.

Let's encourage our peasant farmers to promote food security. Together, we can strengthen our agricultural community and build a brighter future for all.

Project Lead.

Alegbemi Deborah.O.

GET INVOLVED:

Be a Volunteer as we are looking forward to passionate individuals to assist with training sessions and outreach programs. Your support can make a significant impact.

Donate: Every naira, every dollar counts! Your contributions will help us touch more people, more lives for the better.

Spread Our Mission: Help us raise awareness and spread the word about our programs. Share our mission with friends and family and encourage them to join efforts and be a part of our movement.
